

Clinical Research Associate (CRA)

Fecha de la oferta: 21 Feb.

Empresa que publica esta oferta: LINICAL Spain

LINICAL Spain is a global provider of product development and support services to the pharmaceutical, biotechnology and medical industries. From a single test through a range of integrated service offerings. We create value to an industry in search of productivity and innovation.

Linical has been active in Spain for 24 years and is the Spanish subsidiary of the Japanese CRO of the same name. Linical has a global presence in 23 countries and has about 550 employees, of which 60 are located in our country.

The services the company provides in clinical research include: implementation and monitoring, data management, statistical analysis, scientific writing, pharmacovigilance, design and audit

Número de vacantes: 1

Provincia/s: Madrid

Descripción

Descripción: Due to continued growth we have an opportunity for a proven and pro-active Clinical Research Associate (CRA) with at least 1 year of experience in multiple therapeutic areas to join our Clinical Monitoring team in Madrid.

This role offers a broad range of responsibility, variety, challenges and scope for continuing your professional development within a supportive and forward-thinking team environment.

The successful candidate for this role will be able to demonstrate prior working experience as CRA from either a pharmaceutical company or a CRO environment. Prior working knowledge of ICH-GCP guidelines and local and international regulatory is essential.

Fluency in English is an absolute requirement, as well as an ability to communicate effectively with others and manage your time effectively.

Are you ready for the challenging and exciting work within an international team, in a well-established but also fast growing CRO? Are you target-driven, used to sharing your expertise with a team and always focused on the team's success? We offer a competitive salary and benefit package reflecting your level of experience. We look forward receiving your application, detailing your availability and salary expectations.

Edad máxima para el puesto: 65 años.
